

One-to-one and two-to-one language training

Flexibility and individual attention guaranteed!

One-to-one training is the ideal form of language tuition if you have very specific needs, very limited time or you require flexibility either because you are so busy or away a lot and so cannot regularly attend a group course.

With one-to-one training, you get maximum flexibility. If you need to, you can arrange the time and date of your next meeting from lesson to lesson. You can meet 1 to 6 times a week, in your office, at home or at TLC. If you need to postpone a lesson, you can do this up to 24 hours beforehand without any charge. To make sure you work well with your trainer, we recommend you start with a trial-block booking of 5 lessons. Thereafter you can choose to have 10, 20 or 40 lesson blocks.

Should we need to travel to your office or home for the lesson, we require minimum lesson duration of 90 minutes. Travel costs are not included in our prices – just ask us and we would be happy to let you know what they are.

One-to-one training is intensive. Content and tuition are customized to suit your needs so you really do make faster progress. Naturally this requires effort on your part. We help you with e-mail, Skype- or e-learning support while you are travelling, but frequent lessons are essential. To promote your motivation and discipline, we limit the validity of the block bookings as you can see in the tables below. This way you definitely reach your goals!

Two-to-one training is a more economical option but is also efficient if you both have similar goals and the same level.

One-to-one and two-to-one training is divided into **3 price categories** depending on the level of qualification and experience required by the trainer. Saturdays and after 17.30 in the evening cost CHF 10 more per 60 Minutes, so push you into a higher price category. Privates in your company in **Zurich** also cost CHF 10 more per hour.
